

## Power Standards Lab CT4 Current Sensing Module

PQube Plug-in Modules and Accessories

Plug-in module has integrated CTs. Just pass wires through openings.

- Four channels of current monitoring
- Accuracy:  $\pm 0.2\%$  rdg  $\pm 0.2\%$  FS
- Maximum conductor diameter - 0.34in (8.6mm)
- Adds current waveforms to PQ events
- Enables power consumption monitoring - kW

Input: P/N:

20 Amp CT4-20A-00
